MOTORHOME MULTIMEDIA

CAMPER 590 DAB

BLAUPUNKT MULTITASKING

The Camper 590 DAB characterized by its “easy-to-use” (SafeDrive) styling, an exciting user interface and breathtaking functional opportunities. It sports a large 6.75-inch TFT-Touch display for perfect in-car use and combines high-quality tuner RDS performance, built-in DAB+, a huge variety of different entertainment options and the connection of many types of portable media. The Camper 590 DAB has various connectivity possibilities such as Bluetooth, Aux, SDHC and USB that allow you to easily play your music collection. But no matter what you are looking for, the Camper 590 DAB will meet your personal car Multimedia needs.

Subject to availability and technical modification.

GRAPHICAL INTERFACE

The Camper 590 DAB also offers various ways of personalization. The menu optics can be designed according to your taste. Simply specify any color (RGB) for the button illumination in the Settings menu, or select one of the four available colors for the menu icons: it is your choice!

APPLE CARPLAY

Use your Apple iPhone® in the car in an easy and secure way with your Camper 590 DAB. With Apple CarPlay, iPhone users can navigate, make calls, play music, and retrieve messages safely and intuitively - simply through voice control or the touch-screen of your Camper 590 DAB.

ANDROID AUTO

Another feature of the Camper 590 DAB in support of the SafeDrive strategy. Thanks the intuitive user interface, powerful voice control and built-in controls Android Auto minimize distractions while driving so you can focus on traffic. Android Auto is compatible with Android smartphones running Android 5.0 (Lollipop) or higher.

MOTORHOME MULTIMEDIA

CAMPER 590 DAB

MEDIA PLAYER

Digital data has gained much popularity in these few decades and supporting these formats is a must-have for every device. But the range of supported media makes the difference. The Camper 590 DAB plays audio, image and video formats not only from disc but also straight from micro SDHC card or via one of the USB ports. The maximum number of files on the specific media is at least 20.000 files. But so many tracks only make sense if the selection is easy enough. Enjoy how playfully this works with the Camper 590 DAB.

SOUND TUNING

The new graphical interface makes the sound tuning easy and exact to adjust with the 8-band parametric equalizer. But if "playing with frequencies is not your thing" just select through the sound preset selection from Pop, Rock, Techno, Jazz and Classic to suit your needs and taste.

DIGITAL RADIO

With the built-in DAB+ tuner you can listen to high-quality digital radio while driving. Enjoy the intuitive and fast browsing through the available service ensembles, or if you do not care about the broadcasting stations just browse through the alphabetical list of all programmes.

ANALOG RADIO

With the high-end CODEM IV tuner generation the Camper 590 DAB is also uncompromising in terms of its radio quality and sets new standards for brilliant reception. See for yourself, one's own experience says more than thousand words.

MOTORHOME MULTIMEDIA **CAMPER 590 DAB**

BLUETOOTH TELEPHONY

Once the entire mobile phone book is synchronized with Camper 590 DAB, nothing stops you from convenient phoning via your car's speakers. For best quality the Camper 590 DAB offers you the opportunity of choosing between the integrated or the external microphone with its perfect positioning

SETTING OPTIONS

Breathtaking functional opportunities does not mean difficult to use. The settings menus are clearly arranged, attractively designed and, most importantly, very easy to handle.

STEERING WHEEL CONTROL

If your vehicle is equipped with steering wheel buttons, you can use it in conjunction with the Camper 590 DAB via the SWC (Steering Wheel Control). Thanks to the SWC function, the steering wheel remote control takes over the most important functions such as volume, mute or Bluetooth of the radio. Another security feature for the SafeDrive philosophy.

REAR VIEW CAMERA

Parking can be a precision job. The Camper 590 DAB is equipped with a camera inputs (Camera). So you always keep the overview and nothing should go wrong anymore.

MOTORHOME MULTIMEDIA

CAMPER 590 DAB

AUDIO / VIDEO INPUT

Flexibility is furthermore provided in analogue connection. The two rear AV-Inputs (AV-IN 1 & AV-IN 2) can realize permanent connection of external sources.

Subject to availability and technical modification.

PERMANENT MEMORY

Thanks the integrated Permanent Memory the Camper 590 DAB keeps the memory of the user settings and preset stations when main power is down.

OPERATING CONCEPT

Optimal ease of use is an important factor for safety while driving. Especially the volume control and the switching from radio to navigation or calling the main menu must be quickly and easily accessible. Thanks to its hard-key buttons and the easily accessible volume control, the Camper 590 DAB can be easily and safely operated while driving.
